Summary
- Meeting provided quality visuals with relevant data for the items presented, and the visuals proved to be very helpful in understanding what was happening when the meeting’s audio quality was poor.
- A meeting participant audibly protested out of order, stating concerns regarding crime in the area of Calendar No. 23-149. The board promptly regained order.
- Several items presented were challenged with Section 337.03(h), which states that a residential facility, as defined in Chapter 325 of Zoning Code, for one to five unrelated persons, is not permitted if located less than 1,000 feet from another residential facility.

Follow-Up Questions
- Should public meetings be mandated to provide closed captioning during broadcasted meetings? It can be difficult to hear public conversations clearly.
- Should public meetings be mandated to clearly identify all active participants? It is important to know who is speaking, representing, participating or showing interest in these matters. The video's corner inset of the board members and participants was not clear enough to identify who was speaking.
- Why would a public virtual meeting disable the “chat” feature? It may prove to be more useful than distracting for communicating subject matter information, questions, and concerns.

Notes

Calendar No. 23-148: 12728 Bellaire Rd. Ward 11 Danny Kelly

Mision Cristano proposed to construct a new church building in a local retail district. The owner appealed for relief from the strict application of the following sections of the Cleveland Codified Ordinances:
1. Section 349.04(e), which states that 20 parking spaces are required (one for each six seats, plus one for the house on the lot); 11 parking spaces proposed.

2. Section 352.10, which states that landscaping detail between parking lot and street is required. Note: Cleveland Planning Commission approval is required.

Vanessa Rivera, a pastor at the church, presented. Rivera said that they have regularly communicated with the neighboring barber shop on this and other matters. Rivera said the property size does not provide a lot of options for either interior or exterior adjustments (e.g., parking spaces, kitchen space).

Approved with recommendations.

Calendar No. 23-149: 2969 Martin Luther King Blvd. Ward 4 Deborah Gray

Emergent Evolutions LLC, owner, proposed to establish use as a residential facility for five occupants in a B1 two-family residential district. The owner appealed for relief from the strict application of the following sections of the Cleveland Codified Ordinances:

1. Section 325.571, which states that a “residential facility” means a publicly or privately operated home or facility, licensed pursuant to state law, that provides accommodations, supervision, and personal care services to any of the following: (a) one or two unrelated persons with mental illness; (b) one or two unrelated adults who are receiving residential state supplement payments as defined in the Ohio Revised Code; or (c) three to 16 unrelated adults.

2. Section 337.03(h), which states that a residential facility, as defined in Chapter 325 of this zoning code, for one to five unrelated persons is not permitted if located less than 1,000 feet from another residential facility. Proposed residential facility use is within 1,000 feet from another residential facility at 11112 Forest Ave.

The project representative said the goal is to house five residents who are veterans and to provide rehabilitation services. The representative said many residents have shown support for the facility, and he provided a document showing 28 neighbors who signed in support.

Council Member Deborah Gray spoke. Gray said she was told this would be a group home for children. The representative said she was thinking of his comment that his
organization also works in childcare. A board member asked Gray if she would like to request that the decision be postponed so that she can clarify the details of the project. She said yes.

After Gray requested the postponement, a neighbor spoke up out of order to state concerns about crime. A board member requested that she share her concerns at a community meeting.

The project was postponed for further review at the request of the council member.
