SPECIAL PRESENTATIONS – Public Art

1. DF2024-016 – Siegel and Shuster Tribute Plaza (artwork only): Seeking final approval
Location: 300 Lakeside Avenue East
Representatives: Nick Slaughterbeck from Moody Nolan, Artist David Deming, Ellis Katz of Project Management Consultants and Gary Kaplan of the Siegel & Shuster Society

The Huntington Convention Center is the site for this artwork. Slaughterbeck received D.C. Comics’ approval for the statue. There will be a statue of Superman made of steel. There will also be signage letting people know why Superman is important to Cleveland.
The display will also include a phone booth and three figures pointing towards Superman as he takes off.

Questions/comments from the commission:
Kuri: Coloration, statue seems washed out against the coloring of the building. Superman is the least obvious figure. Your eyes are drawn to the pole, not Superman. Suggested a darker blue.

McCray-Scott: Agreed, suggested a darker blue would allow the statue to stand out.

Motion to approve with conditions: consider photo ops, work with staff on the final finish of the statue, enhance and increase grass area, revise concrete around the area, provide back-to-back benches. Motion carried.
